SALES AND MARKETING INFORMATION

Surface Igniter Corporation added three new igniters to their product line this year. These are direct replacement to popular igniters:

- L46-113 replaces the Trane Kit #3033
- L46-114 replaces the Lochinvar, Raypack, and Zodiac
- L46-115 replaces the Nordyne kit # 903758.

There is no difference to design, and your customers will not see a difference – their appearance is like for like. Surface Igniter stands behind this and their entire product lines with the 100% fit, form and function guarantee.
